Why Have Corns At All When "Gets-It" Removes Them the New, Dead-Sure Way? **A Fine Aid For Mother-to-be**  
We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it allays pains incident to stretching of cords, rigaments and muscles. They tell of comfort, of calm, peaceful nights, an absence of those distresses peculiar to the period of expectancy, of relief from sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradfield Regulator, 408 Lumber Co. Building, Gal., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are letters from mothers that are real inspirations. Write today.
